

File Reference: docs/.gitkeep

A file-specific explanation covering purpose, owner layer, metadata, source details, implementation signals, source excerpts, and safe-change rules.

Item	Explanation
File	docs/.gitkeep
Category	Folder marker
Folder role	Documentation and generated reference area. Used to explain the app and source structure.
Size	1 bytes
Extension	(none)
MIME type	unknown
Text lines	1

Why this file exists

- Keeps the docs folder in Git even before generated documents are added.
- This empty marker exists so Git keeps an otherwise empty folder.

How it is used

Documentation and generated reference area. Used to explain the app and source structure.

1:

Safe change checklist

- Confirm which app, website, installer, workflow, or document consumes this file.
- Change it on a feature branch from development.
- Regenerate docs if the file purpose, API surface, or behavior changes.
- Run the smallest relevant smoke test before merging into development.
